

The background of the slide features a tall, cylindrical lighthouse with a black and white spiral pattern. The lighthouse is illuminated from within, and its light is visible at the top. The scene is set against a dark, overcast sky. In the foreground, there are silhouettes of trees and a small building. The overall color palette is dominated by dark blues and greys, with a bright blue diagonal shape on the right side.

Chief Shipping Analyst  
Peter Sand

*Bulk Terminals 2020 – Webinar (ABTO)  
28 October 2020*

The background of the slide features a tall, black and white striped lighthouse on the left side. The lighthouse has a spiral pattern of black and white bands. The top of the lighthouse is lit, and the light is visible. The background is a mix of dark blue and black, with a large, light blue diagonal shape that overlaps the lighthouse and the text. The overall mood is professional and maritime.

## **Our vision**

To be the chosen partner trusted to provide leadership to the global shipping industry.

## **Our mission**

To be at the forefront of global developments in shipping, providing expert knowledge and practical advice to safeguard and add value to our members' businesses.

## MARKET ANALYSIS

**US soya bean season kicks off with strongest exports in history**

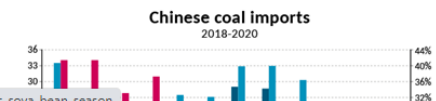

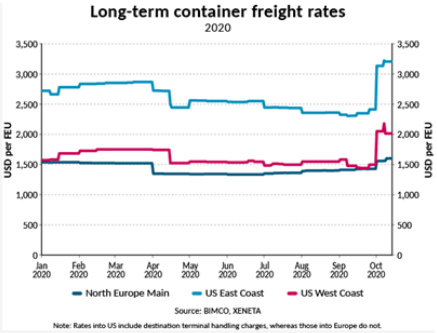

27 October 2020

Following years of disruption to US soya bean exports due to the US-China trade war, the first seven weeks of the 2020/2021 marketing year, which runs from 1 September to 31 August, have seen the strongest exports ever.

**Long-term freight rates to the US jump USD 550 in a day**

15 October 2020

After a period with short-term container freight rates reaching record highs on many of the major container shipping trades, long-term rates are now also experiencing a boost. Particularly long-term freight rates between the Far East and the US have jumped, copying the development in short-term contracts which have seen the increase in freight rates to the US (both coasts) outpacing the rise in spot rates to Europe.

**Stalling Chinese coal imports are not due to trade tensions**

SOLID BULK CARGO DATABASE

Overview

A valuable supplement to the IMSBC Code, containing cargo information and carriage requirements of solid bulk cargoes commonly transported. Amendment 04-17 (2018 edition) is the current Code in force. Amendment 05-19 (2020 edition) will enter into force on 1 January 2021. Member States can apply it in whole or part on a voluntary basis effective 1 January 2020.

Description, precautions, required certificates, loading ...

The background of the slide features a tall, spiral-patterned lighthouse on the left side, illuminated from within. The lighthouse has alternating dark and light bands. The sky is a mix of dark blue and grey, suggesting a twilight or stormy atmosphere. The bottom of the slide is dominated by a large, solid blue triangular shape that points upwards, partially overlapping the lighthouse and the sky.
